Accidents at cattle sales are very rare, but all attending must do so at their own risk. The sale manager, auctioneers, ringmen, clerks and others, were employed by the owners for specific tasks, promotional and clerical, and have no connection with the handling of the papers. The sale of each animal constitutes a contract between the buyer and seller of each lot although the sale manager cannot be responsible for fulfillment of that contract. Welcome to Our Annual Sale

Once again everyone at Strathore and Millar Farms wishes to welcome you to our annual sale.

We are anxious to show you "the secret to success" — three stock bulls that we believe are second to none: 1) Cruggleton Flashback, the only animal to win more than one of ten supreme champion banners presented by the Ontario Shorthorn Club in 1967. He won three! 2) Lakeview Apogee, sire of our 1966 Ottawa grand champion female and sale topper at \$1,535. His daughters sell and our show herd features him this year. 3) Strathore Power Drive, the big bull everyone is talking about. We feel confident you will too after an inspection of him and his get.

This year it's a pleasure to be joined by M-F Farm and Roslyn Flett as guest consignors. They are offering their best and we recommend their cattle and their reputation.

Please plan to attend a buffet dinner at Millar Farms the evening before the sale.

LORNE J. PIMMETT
Strathore Farms

Strathore Duthie Violet was supreme champion of the Royal Winter Fair in 1951 for Strathore. The family is still prominent in the herd.

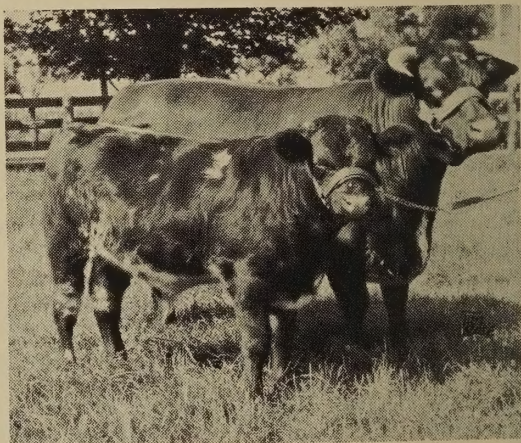

Strathore Collynie Violet was reserve champion at the 1951 Royal, the only time both champion females have come from the same herd!

Look What Strathore

Pictures on these pages are just a sample of the cattle from Strathore and Millar that have sold to other leading breeders. Or, better yet, they are out of females bred by

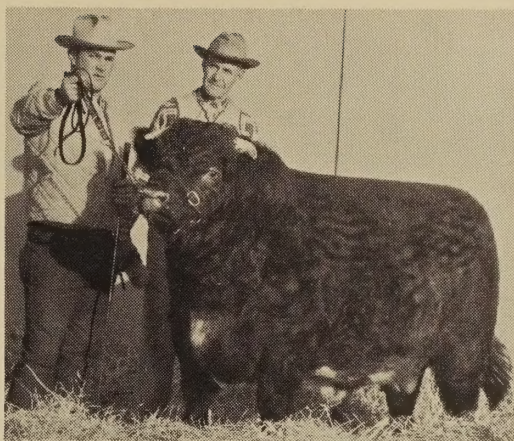

Strathore Lady Violet -2nd sold to Carlan Enterprises, Port Perry, Ont., in 1967 and won her class for them at the 1968 C. N. E.

Strathore Waterloo Fairy sold to Carlan Enterprises Ltd. in 1967 and produced this bull calf by Strathore Power Drive.

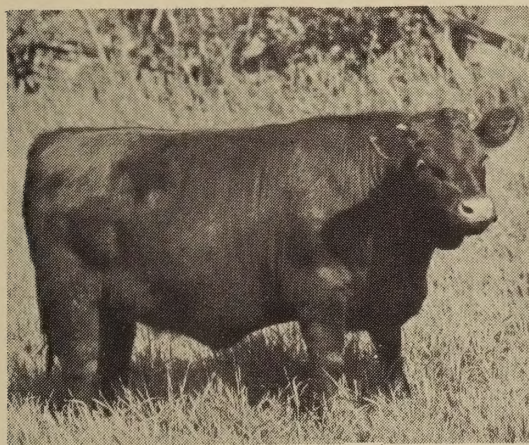

S & T Gay Lass was 1963 International grand champion female. She is out of Strathore Glamour Lass 2nd!

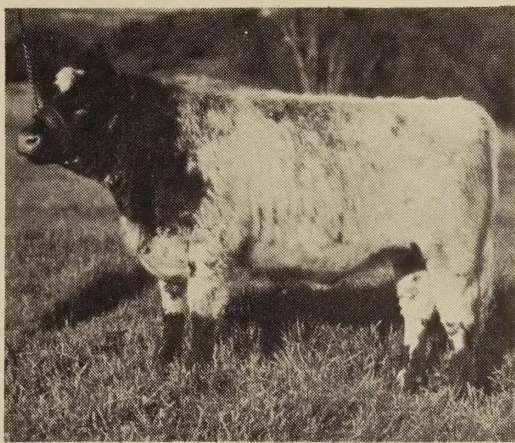

S & T Pacemaker 12th was 1962 International supreme champion. His granddam was bred and born at Strathore.

Shorthorns Can Do!

Strathore! Here is your assurance that your Strathore purchases will do an improving job for you . . . generation after generation . . . as they have for so many others.

Strathore Bonnie Violet 16th topped the 1966 sale females at \$1,535 to Acadia Farms and now has an outstanding bull calf there.

Saraguay Estelle 20th x topped the 1967 sale to Windholme Farm, Orange, Va. She was part of the Millar Farms draft.

Females like these are typical of Strathore and Millar Farms. All of these sold in 1967.

From the Sale Manager --

Nothing could be more rewarding than working with the Pimmett and Millar families in the production of this annual Shorthorn sale.

Strathore is marking its 27th year in the Shorthorn business and with young Johnnie and Bonnie Millar coming on at Millar Farms, there will be Shorthorns on the two places for many years to come.

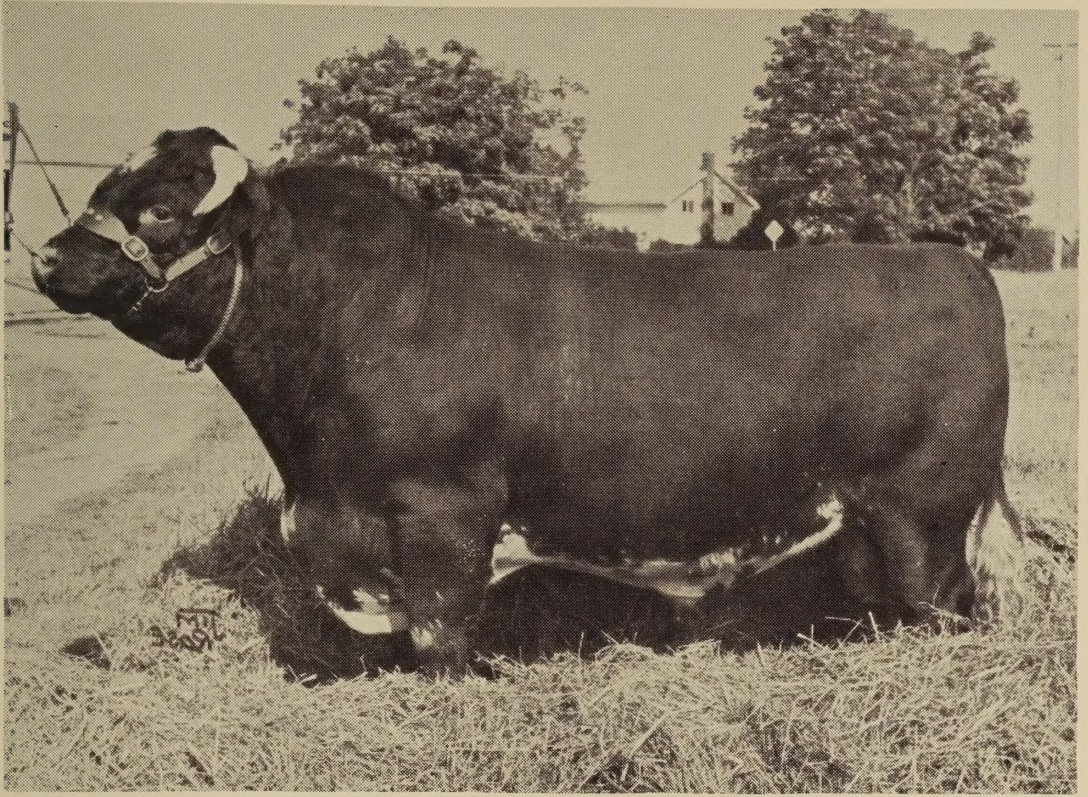

Between Strathore and Millar Farms there are more than 200 brood cows that have produced some of the continent's finest Shorthorns and Polled Shorthorns. Their best testimonial is the large number that have been sold to leading herds and in turn produced well — like the 1963 International grand champion female! Herds like Acadia, Windholme, Ettrick, Gloriadale and so many more have found their dollars go far at Strathore and Millar.

There are no frills here. It is a typical family farming operation in which the Shorthorns play an integral and profitable part.

This year Massey Ferguson Farm brings 12 choice entries including members of their winning show herd and many females in calf to Louada Royal Leader himself. Roslyn Flett has consigned two Louada Standfast daughters from his reliable herd. These are fine people who have done much for the breed in both Canada and the United States. Their cattle will please you.

Just two days before the famous Louada sale, this auction provides the opportunity for a particularly enjoyable Shorthorn weekend. Come early. You'll enjoy every minute.

STRATHORE POWER DRIVE — A near duplicate of his illustrious sire with a great head, horns, size, substance, balance, and ability to move. He amazes all who see him. Our faith in him is easily understood when you see his calves. He has been running on pasture for two seasons, and most of the 1969 Strathore show herd will be by him.

CRUGGLETON FLASHBACK — He was imported in dam when we purchased Lakeview Paul and Lakeview Apogee from Lakeview Ranch, Odessa, Wash. We knew he was a stock bull at birth but with Paul and Apogee breeding to our complete satisfaction he was sold to Eric Batten, Lakefield, Ont., in our 1966 sale at the top of \$2,400 for two-thirds. The most popular young bull to hit the Canadian show circuit in years, he has won the Ontario Shorthorn Club banner for supreme championship at Peterborough, Lindsay and Ottawa and the reserve grand championship at the 1967 C.N.E. His grandsire was rated the top bull at Perth the year he was purchased by Mains Farm. He is a half brother to Bapton Constructor. His dam is backed by the greatest concentration of Cruggleton sires that can be found in a pedigree today, his great granddam being by Cruggleton Warbond by Cruggleton Perfect. With the sale of Lakeview Paul to Eric Batten, we were able to repurchase Flashback outright, and he is now back at Strathore, where his first crop of calves prompts us to believe here could be our greatest sire of recent times. Twelve sale heifers carry his service.

LAKEVIEW APOGEE — Probably no bull living today carries a stronger concentration of Cruggleton, Kirkton and Calrossie — great blood lines all combined in one pedigree. There's no wonder he has the stock bull look written all over him. His first calf old enough to show topped the 1966 sale of females at \$1,535 to Cyrus Eaton's Acadia Farms, Northfield, Ohio, after being grand champion female at Ottawa. Most of our 1968 show herd is by him, and includes the first-prize get-of-sire, second-prize group of four, reserve junior champion female, Strathore Waterloo Starlight that sells, and second-prize standing next the recent C.N.E. grand champion female. His daughters have gone into the best herds of the land. Four sell in this sale. Be sure to see his son being retained at Strathore as junior stock bull. He also sired the reserve grand champion bull at the Ottawa Government Bull Sale in March. Each crop of calves gets better.

Clipper King of Bapton x weighed 2,670 pounds as a mature bull. He is the grandsire of Paragon of Denend (P).

PARAGON OF DENEND (P) — Just as this catalog went to press, Strathore and Millar Farms concluded the purchase of the popular young imported Polled Shorthorn sire, Paragon of Denend (P). He was imported as a calf from Denend in Scotland in 1967 and has grown into an especially impressive mature bull. He has a near-perfect and completely smooth polled head together with strong bone and legs. His good balance and style appear to all who see him. This is the first polled sire ever used in the two herds. Although he will not arrive at Strathore until late September, it is hoped that a few heifers will carry his service. A number of the open heifers will be offered with breeding privilege to him.

Strathore Charming Cecilia was a reserve senior champion of the Canadian National Exhibition, Ottawa and Brandon shows. She is the granddam of Millar's Banker, Lot 1.

He has a pedigree to match with Louada Bequest by Bapton Constructor, Louada Graduate by Calrossie Armada and the C.N.E. and Royal Winter Fair champion, Louada Barnone by Louada Marshall. His dam, an exceptionally heavy milker, is a daughter of Strathore Charming Cecilia, 1955 C.N.E. reserve senior champion female. We are proud to offer this bull as a representative of our herd and the breed in general. Be sure to see the several grand calves we now have by him.

Her dam, by a son of the world renowned Beaufort Bulldozer, is a grand big cow with daughters in the George McLeod herd, N. B., Allan Martin, Bury, Que., and Dr. J. H. Bateman, Belleville, Ont. By accident, she got in calf to Strathore Carnaby but the excellent bull calf she already has at foot is about the best recommendation either she or Carnaby could have.

M F FARM BESS 32Y — From our show herd comes the first daughter of M F Farm Villager to be sold. She is offered only because of the persuasiveness of our sale manager. Villager wrote Shorthorn history for us in 1966 by being named champion at 16 Canadian shows from Quebec to Alberta as well as being the first-prize two-year-old at the Chicago International. He topped this all off by being selected as an All-American nominee. Villager sired the winning get-of-sire at the 1968 Peterborough Exhibition with his first calves and they also made up the first-prize breeder's herd. With the permission of the new owner, we wish to retain show rights for the remainder of the 1968 show season.

M F FARM BUTTERFLY CHARM 7 X — This heifer was selected from our show herd to headline our sale offering. A lot of knowledgeable cattlemen refer to her as the modern type female. She is a granddaughter of Aberfeldy Royal Robin, AAA, that sired three Chicago International champions and the maternal grandsire, Morphie Target, was a Royal Highland first-prize winner. Here is a rare opportunity to purchase a member of the noted Briardale Butterfly family. Sells safe in calf to Louada Royal Leader that sired the two top bulls of the 1966 and 1967 Louada Manor fall sales. This Butterfly family also produced M F Farm Forward March believed to be the highest priced and youngest beef bull ever to be exported to Cuba. With the owner's permission, we wish to retain show rights for the remainder of the 1968 show season.

TRAIN AND PLANE INFORMATION

Air Canada, United and American airlines have many flights a day between Chicago and Toronto, leaving from O'Hare Airport.

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

You can take a railway sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in the morning. The train from Toronto to Chicago leaves about 10 p.m. Since schedules are subject to change, please check exact departure times.

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airline ticket from Chicago-Toronto is only about \$55. Rail is about the same. Traveling alone, it is difficult to beat this by car.

There is good service but there are changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train.

Those arriving in Toronto by plane would do well to take the limousine from the airport to the Royal York Hotel which is just across the street from the railway station. Fast trains operate frequently to Peterborough. If you are to encounter a long delay call Millar Farms, (705) 295-6565 and we will arrange other transportation for you.

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 8:30 a.m. and 9:00 a.m.

**All train and plane information given here is approximate.
Be sure to check with your ticket agent for exact times.
Because schedules change, we cannot quote exact times.**
